Luxury Range

Foot Warmer	2
-------------	---

Professional Knee Heating Belt has wide coverage. Fur Fabric material for a comfortable heating and leatherette outside makes it a perfect blend. It is very effective for people with severe knee pain. It's easy to wear design makes it just perfect.
Size: Universal

Master is our flagship range in terms of performance and quality. We call it E-Blanket and blanket is CE, ISO, MSME and WHO & GMP Certified. It's provides 2-3 adjustment levels to control the level of warmth of the bed. This range is fully hand washable; the blanket comes with heat sensors for maximum safety.

What could be nicer after a long day than to plunge those cold or **tired feet** into these fleeced lined heated foot warmers? Complete with two powerful motors, separate heat control levels, the **Foot Warmer** has a soft, removable fleece lining that is machine washable and is treated to prevent lingering foot odor
Size: Universal

What Drives Asist Health Care?

Belief

“Sustainable health and wellness is not only part of our survival but it is also a continuously rewarding way to live out our entire lives”. -----Sandeep Kaul

Theory

Wellness is defined as the complete integration of body, mind, and spirit. It is the realization that everything we do, think, feel, and believe has an effect on our state of well-being. In today's scenario, wellness seems to be an oblivious term reverberating in the lives. Declining health and low wellness awareness among the population amplifies small issues into large and complicated ones.

Asist Healthcare is on a mission to improve the quality of people's lives through the use of innovative pain management devices. Our dedicated R&D team is passionate about bringing the latest technology in the field of pain management to a wider audience. Asist Healthcare empowers individual to take their personal health care and well-being into their own hands. We suffer from the same daily aches, occasional injuries and chronic pain conditions, so we only sell pain relief products that are clinically and Lab tested and that really work.

We know that we certainly don't want pain to rule our lives and we believe you don't either. Our goal is to help you heal faster and get back to living a wonderfully pain-free life. And of course, last but not least... our customers, our first priority. We love our customers. What makes our job so special is that we help our customers live a healthier, pain-free, more beautiful life.

This heating pad is provided with built-in snap on-off cut outs which help in maintaining the temperature. A dipole switch having option of 0-1-2-3 is provided with the heating pad to regulate temperature. Washable cloth cover is provided. Sizes
