

Safe | Durable | Certified

Asist Heating Blanket works on a simple principle that heat therapy is best suited to cure the most common ailments as compared to other medicinal treatments. This makes it a revolutionary way to sleep and heal, at the same time.

The medical benefits are just one of the few aspects for buying an electric blanket.

Asist Health Care

Electric Heating Blankets

At Asist Health Care we have a complete range of heating blankets.

Asist Deluxe as the name suggests is an upgraded version of Asist Wool. A decent fleece base makes it very comfortable. It comes with OHP (over heat protection) for extra safety. This product is available in Single Bed size 30x60 inch & Double Bed size 60x60 inch and has a standard warranty for one year against any manufacturing defects. For More specifications please refer last page.

Asist Master is a flagship range terms of performance and accuracy. It's a value for money product that provides three adjustment levels to control the level of warmth of the bed. They are highly precise, portable and easy to handle under bed heating blankets. This range is fully hand washable, waterproof all that you need to take care of is that controller is covered fully. This product is available in Single Bed size 30x60 inch & Double Bed size 60x60 inch and has a standard warranty for one year against any manufacturing defects.

Orthopedic/Comfort Range

Asist Signature Heating Blanket Range offers the comfort of quilted fabric under bed heating blanket. This range was developed considering the needs of hospitality industry, but now with the passage of time this range is available in open market also. It is a fully automatic blanket with a sensor built in for sensing temperature. It comes in both single, and double bed size and completes your perfect bedding, Product has been exclusively designed for users with taste of finesse. Controller has only two options to make it user friendly. However, there is an upgrade available in this segment which has digital remote and run time and heat can be adjusted.
